SYNERGY'S SENIOR PARTNER DAVINDER CHUGH TAPPED FOR HEG LIMITED BOARD OF DIRECTOR

Dubai – August 25, 2021

Synergy's Senior Partner Davinder Chugh has been appointed Independent Director at HEG Limited, one of the top-5 global producers of graphite electrodes. This recognition highlights the strength and standing of Synergy's operating team, which is the firm's key value enabler.

Davinder will serve on the board for five years, starting in August 2021. He is looking forward to contributing his best as an Independent Director.

About HEG Limited

HEG Limited is one of the world's leading manufacturers of graphite electrodes used primarily by steel manufacturers in over 30 countries. HEG operates the world's largest single-site manufacturing plant at Mandildeep in MP, India. HEG is part of the LNJ Bhilwara Group, a diversified and reputed Indian business house with over five decades of industrial experience in IT Enabled Services, Power Generation & Consultancy, and Textiles, in addition to Graphite Electrodes.

HEG is listed at the Bombay Stock Exchange (BSE:509631), was incorporated in 1972 and is headquartered in Noida, India.
